OrganoClean™

COMPANY & PRODUCT BROCHURE

# CLEAN CARE. EVERYDAY CONFIDENCE.

Home Care • Personal Care • Auto Care

A practical product portfolio for everyday cleaning, personal routines and vehicle care — with flexible bulk chemical supply for business customers.

RETAIL PACKS | BULK CHEMICAL SOLUTIONS | BUSINESS SUPPLY

From individual consumer packs to selected ready chemical solutions supplied in 30L–200L drums.

01 | HOME CARE

# Kitchen & washroom care

Everyday cleaning formats for dishwashing, toilet care and targeted drain maintenance.

## Dishwashing Range

Two listed product lines for everyday kitchen cleaning: Dishwash Liquid – Yellow and Premium+ Dishwash Liquid – Green.

PACK SIZES Yellow: 475ml • 5L • Premium+ Green: 475ml • 5L

Supplied packshots shown. Confirm current label/variant pairing before print production.

## OrganoClean Toilet Cleaner

A dedicated toilet-bowl cleaner for routine washroom care.

PACK SIZES 475ml • 5L

## Drain Opener

A ready-to-use drain-care solution. The supplied label identifies a concentrated lye formula.

PACK SIZES 1200ml • 5L

Safety: severe skin and eye burn hazard. Follow the approved label; never mix with other cleaners.

Home Care focus: kitchen cleaning, washroom hygiene and practical drain-care formats for household and business requirements.

# Glass & screen care

A focused selection for household glass, anti-static glass cleaning and compatible display surfaces.

## OrganoClean Glass Cleaner

Household glass-cleaning solution for suitable glass and smooth surfaces. The supplied front packshot shows the 500ml trigger bottle.

PACK SIZES 500ml • 5L

The 5L format is listed in the price list; its dedicated packshot was not included in the supplied image set.

PACKSHOT PENDING

## Anti-Static Glass Cleaner – Milky Blue

Compact glass-care format for suitable glass surfaces where anti-static performance is desired.

PACK SIZES 200ml

Dedicated product packshot required.

PACKSHOT PENDING

## LCD Screen Cleaner

A dedicated cleaning product for compatible LCD displays. Follow device-maker care guidance and the approved label.

PACK SIZES 200ml

Dedicated product packshot required.

Surface compatibility: use only on surfaces listed on the approved product label. Check device instructions before cleaning screens.

# Floors, fabrics & fresh spaces

Floor-cleaning and laundry formats for routine household care.

### Floor Cleaner – Germs Killer

Floral floor-cleaning range for routine hard-floor care. The supplied packshots show the 500ml and 1L retail formats.

PACK SIZES 500ml • 1L • 5L

5L format is listed; its dedicated packshot was not included in the supplied image set.

### Phenyl – Premium

Premium white phenyl for routine floor and surface cleaning.

PACK SIZES 2.75L

### Liquid Laundry Detergent

Laundry detergent range listed in White and Pink 1L variants, plus a larger Jerry Can format.

PACK SIZES White: 1L • Pink: 1L • Jerry Can: 5L

Supplied packshot shows the Pink 1L variant. White 1L and 5L Jerry Can packshots are still required.

Follow the final product label for dilution, surface compatibility, dosage and fabric-care instructions.

# Care for everyday routines

A multi-use wash range, facewash and hair-care products within the OrganoClean Personal Care portfolio.

### 3-in-1 Hands, Face & Body Wash

A multi-use wash category for hands, face and body, listed in three colour variants and four pack sizes.

VARIANTS Milky White • Milky Blue • Milky Pink

PACK SIZES 60ml • 250ml • 500ml • 5L

Packshots supplied for this edition: 60ml Milky White and 250ml Milky Pink. Remaining packshot combinations are still needed.

## 3-IN-1 WASH | VARIANT & PACK-SIZE MATRIX

| VARIANT | 60ml | 250ml | 500ml | 5L |
|---|---|---|---|---|
| Milky White | Listed | Listed | Listed | Listed |

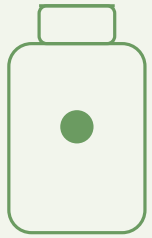
| Milky Pink | Listed | Listed | Listed | Listed |



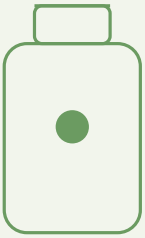
PACKSHOT PENDING

### Cool-Mint Facewash

A refreshing daily facial-cleansing product in the listed Cool-Mint variant.

PACK SIZES 120ml

Approved front-facing packshot required.



PACKSHOT PENDING

### Hair Shampoo

Included in the Personal Care range. Final variant, pack sizes and packaging artwork are to be confirmed.

PACK SIZES Pack size to confirm

Please supply all approved packaging images and final SKU details.

Availability note: the variant and pack-size matrix reflects the supplied July 2026 Mega Price List. Confirm current active SKUs before commercial printing or order placement.

05 | AUTO CARE

# Vehicle cleaning & finishing

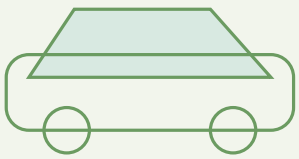
Products listed for exterior washing, windshield cleaning and selected vehicle-surface care.

## Car Wash Shampoo

A vehicle-washing shampoo for exterior cleaning. The supplied packshot describes a rich-foam, pH-balanced product positioning.

PACK SIZES 3L

Use according to the final product label and vehicle-care instructions.



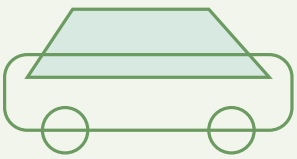
PACKSHOT PENDING

## Car Wash & Wax

A separate wash-and-wax product listed for vehicle exterior cleaning and finishing.

PACK SIZES 3L

Dedicated front-facing packshot required.



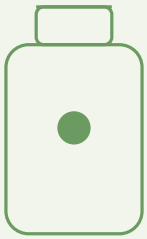
PACKSHOT PENDING

## Car Windshield Cleaner

A dedicated automotive glass-cleaning product for suitable windshield surfaces.

PACK SIZES 200ml

Dedicated product packshot required.



PACKSHOT PENDING

## Car Multi-Purpose Shiner

A multi-purpose vehicle-care finishing product for surfaces specified on its approved label.

PACK SIZES 200ml

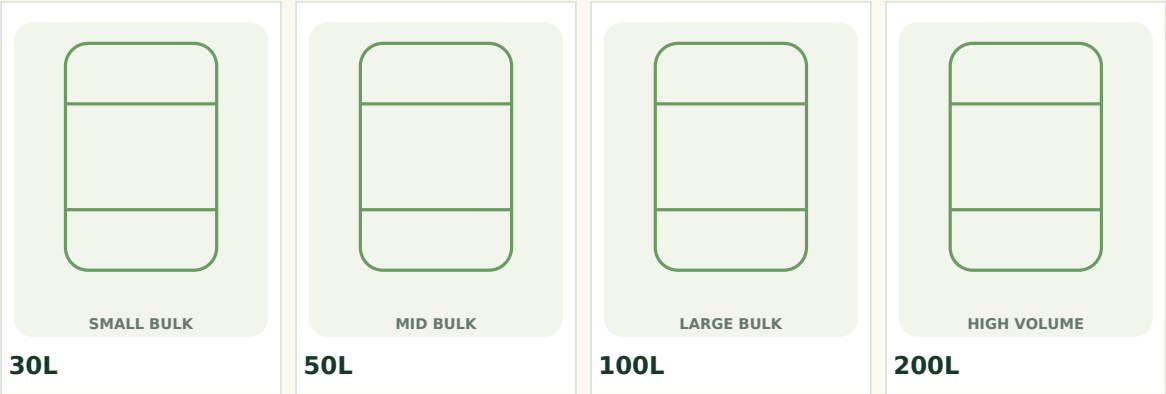
Dedicated product packshot required.

Auto Care pack formats and product applications should be checked against the approved label before use.

06 | BUSINESS SUPPLY

# Bulk chemical solutions

Ready chemical solutions for business customers who manage their own filling, repacking or rebranding.



| SUPPLY OPTION | DETAIL |
|---|---|
| Product categories | Selected Home Care, Personal Care and Auto Care chemical solutions. |
| Supply format | 30L, 50L, 100L and 200L drums. |
| Solution type | Ready chemical solutions supplied for customer-side filling, repacking or rebranding. |
| Customer flexibility | Customers can use their own containers, labels and brand identity, subject to agreed product suitability and requirements. |

## HOW BULK SUPPLY WORKS

| STEP | PROCESS |
|---|---|
| 01 SELECT | Choose the suitable ready chemical solution and category. |
| 02 CONFIRM | Agree formulation, quantity, drum size and requirements. |
| 03 SUPPLY | Receive the ready chemical solution in the agreed drum format. |
| 04 REPACK / REBRAND | Fill, label and market under your own brand, where appropriate. |

FUTURE INNOVATION | R&D;

### AntiFog – under development

AntiFog is a future product concept currently under research and development. The target launch is 2028 or sooner, subject to development, validation and launch readiness.

Concept format listed: 200ml. Not a currently launched retail product.

# One portfolio. Three care categories.

For households, retailers, distributors and business customers seeking practical product supply options.

### HOME CARE

Dishwashing, toilet, drain, glass, screen, floor and laundry cleaning products.

### PERSONAL CARE

3-in-1 wash, Cool-Mint Facewash and Hair Shampoo range.

### AUTO CARE

Vehicle wash, windshield cleaning and selected surface-finishing products.

### A flexible route for business growth

Alongside regular retail packs, selected ready chemical solutions can be supplied in bulk drums. This gives retailers, distributors and new or established brands a practical route to source formulations and manage their own packaging, labels and market identity.

Commercial enquiries: request current availability, product specifications, approved packaging, minimum order quantities and bulk supply terms.
